

My name
is Michelle.

I used to attend
Red2Green's Options
project as a client,

taking part in all the activities such as art and craft, swimming, drumming and drama. I am now a member of staff. I'm a learning and support assistant, helping others enjoy the activities now. I still go to Red2Greenhouse in Bottisham to learn gardening and am studying for my Open College Network credits in horticulture.

Red2Green

The services Red2Green offers

Aspirations

Aspirations is a two year programme for adults with autistic spectrum disorders, particularly Aspergers Syndrome. Students study the social skill strategies which help increase their chances of employment and independent living.

Health for Life

This local community project helps vulnerable or isolated people regain their health, confidence and independence, reconnecting them with their communities by encouraging them to attend local education classes and clubs.

The full list of projects can be found on our website at www.red2green.org.

About Red2Green

Red2Green provides a learning, work and social experience for people who have a wide range of disabilities, mental health problems and social communication disorders, such as autism.

Where the activities are

Red2Green's main learning centre is in Swaffham Bulbeck, with projects in Bottisham, Cambridge city and in the rural communities.
